- People & Wellbeing – to support and develop services to invest in people. To deliver training, workshops and chair meetings as required. To monitor the emotional welfare of the workforce across the divisions, supporting local leaders to intervene and support as appropriate, to improve staff retention.

### Key Activities

- To consistently act and behave in line with the organisation’s vision, mission, values and Code of conduct, role modelling, coaching and mentoring in this regard.
- To plan and structure working time so as to provide meaningful and consistent guidance and support to direct staff and appointed clinicians in the delivery of the groups ‘Integrated Model of Care’.
- To manage / coordinate, deliver and monitor the delivery of Clinical services to meet the needs requirement in young peoples and adults Service Review Plans, assessments, outcomes measures’ and reporting and recording systems.
- Ensuring that compliance is met and information is adequately communicated and / or circulated to all parties involved in the care and education of each individual, while supporting the reviewing process jointly with the Locality Clinical Lead
- To provide consistent planned and structured (immediate if required) feedback in respect of all matters addressed so as to enhance performance, understanding and service delivery in real time to the provision’s senior management team and also the Group
- To build positive and constructive relationships with all staff and appointed clinicians involved in delivering the groups ‘Integrated Model of Care’ across the provision - so as to enhance performance, understanding and service delivery.
- To complete the quality assurance of operational central systems and processes in a structured and strategic manner to ensure adherence to policies and generate meaningful reports / data for the senior management team, supporting governance and to make improvements to local functioning and ensure that the data, which is remotely accessible by the Group, is accurate and relevant to Key Performance Indicator (KPI) incidents
- To implement and support on the referrals and admissions process as required and in line with the provisions local policy and procedure and through liaison with the allocated Admissions Manager
- To attend meetings as required in line with the role.
- To keep abreast of current theory and practice and undertake ongoing professional training and research in line with relevant government body requirement.
- To maintain good relationships with, and up-to-date knowledge of, local authorities and statutory bodies and regulations.

## Job Description – Lead Clinician

### Additional Responsibilities

- Any other reasonable duties commensurate within the post as requested by the Executive Team and Regional Directors
- Work within deadlines and respond in a flexible way to the changing demands of the provision.
- Work within the provisions of the Data Protection Act / GDPR, observing strict confidentiality in relation to all aspects of work undertaken.
- Respond sensitively and professionally in supporting and maintaining good relationships with colleagues and all contacts who work in partnership with the Group.
- To be aware of and work within the Company's health and safety policies, relating to the working environment and building security, reporting any issues promptly to the facilities team.
- To be aware of equal opportunities issues and to work positively towards anti-discriminatory and anti-racist practice.
- Develop personal skills and capability through on-going training as provided internally by the company or externally subject to Company approval and as agreed with the Line Manager
- Safeguarding is everybody's business. The welfare and safeguarding of children / young people and adults we support should be of paramount consideration, whatever your role or level of responsibility is within the organisation.
- All employees, panel members, independent workers and volunteers are required to ensure compliance with the company's guidance and policy on safeguarding and are required to attend Safeguarding training appropriate to their level of responsibility.

### Managing own Performance and Development

- Being aware of and complying with policies and procedures relating to safeguarding, child protection, health, safety and security, confidentiality and data protection, and reporting all concerns to an appropriate designated person
- Contributing to the overall ethos/work/aims of the company.
- Appreciating and supporting the role of other professionals.
- Attending relevant meetings as required.
- Participating in training and performance management as required.
- Achieve challenging professional goals.
- Take responsibility for your own professional development.

## Job Description – Lead Clinician

### Health and Wellbeing

- Be aware of the current legal requirements, national policies and guidance on the safeguarding and promotion of the well-being of children and young people and/or adults.
- Know how to identify potential abuse or neglect and follow safeguarding procedures.
- Know how to identify and support children and young adults whose progress, development or wellbeing is affected by changes or difficulties in their personal circumstances, and when to refer them to colleagues for specialist support.
- To be aware of your own wellbeing needs, discussing these with your line manager where necessary to ensure you promote a positive work-life balance.

### Team Working and Collaboration

- Work as a team member and identify opportunities for working with colleagues and sharing the development of effective practice with them

*The above serves as a guide and is not exhaustive; all professional staff are expected to undertake other duties and projects as may be reasonably required by their Line Manager / Clinical and Wellbeing Locality Lead / Regional Head of Wellbeing and Clinical Services or Head of Service/Principal/Head teacher/ Head of Care / Regional Director. You will be working as part of a friendly team and may be asked to provide extra support during busy periods, working together in a mutually supportive way towards shared priorities.*

**I have read through the job description and agree to perform the duties as outlined above**
