JOB ROLE & PURPOSE

This role requires specialist assessment and treatment of children/ young people/ adults with complex needs. As a registered practitioner you are personally responsible for your professional practice and maintenance of CPD. You will work closely with your team to create a responsive service in the schools/care homes where you work, and to ensure that wherever possible evidence-based practice is delivered in line with OFG policies and guidelines. As part of the multi-disciplinary team, you will provide advice, information and training to staff, other members of the multi-disciplinary team and other agencies regarding the scope of OT practice relevant to neurodiversity, including individuals who present with behaviours that challenge, to support engagement in meaningful activity and to encourage independence.

**Outcomes
First Group**

You will be required to compile specialist reports and assist with supervision of more junior occupational therapists, occupational therapy assistants and students as required. It is advantageous if you have started working towards/completed your training in Ayres Sensory Integration. Your clinical duties will include supervision, preparing and delivering training, attending forums and completing audits and risk assessments, working within the ethical framework provided by the rules of professional conduct. You will be expected to hold a full case load in a busy service with supervision from a more senior occupational therapist.

KEY TASK AREAS & RESPONSIBILITIES

Professional and Clinical

- To carry out Occupational Therapy (OT) assessments of children/young people/adults with diverse presentations to understand the barriers to engagement in education or activities of daily living, develop goals and support the delivery of individualised intervention programmes.
- Display an enhanced
- To model standards of best practice in line with RCOT code of conduct, HCPC standards of proficiency and the principles of clinical governance within own professional activities.
- To make decisions about intervention considering relevant evidence-based research, theory, practice and factors concerning historical and development processes, which have shaped the specific client group and their families.
- To formulate plans for intervention and programmes to support the specific client groups based on sound OT understanding, which employs evidence-based practice and is integrated into the overall education, health & care plans (EHCP).
- To provide specialist expertise in OT principles and techniques through advice, supervision and consultation with other members of staff.
- To work independently with own caseload to provide direct assessment and intervention, both in an individual or group setting.
- To provide specialist advice, consultation, teaching and training within the service and to external agencies around the scope of OT.
- To participate in the process of the screening of referrals that are received and provide feedback to the team.
- To be responsible for monitoring and evaluating risk to/from the specific client group within own caseload and during advice and consultation offered to others.
- To attend and contribute, as a specialist clinician, to multi-disciplinary and multi-agency meetings, which encompasses the education, residential and clinical services, as appropriate and when required.
- To be able to identify appropriate strategies to enable the individual to improve their occupational performance through reflection on their skills level, task analysis and consideration of the environment.
- To ensure appropriate liaison with professionals from external agencies in relation to shared cases, including agencies working with the specific client groups and their caregivers.

Outcomes First Group

- To communicate and share information in a skilled and sensitive manner with individuals, families, other professionals and agencies using the highest levels of interpersonal skills in situations which are likely to be highly emotive and sometimes confrontational.
- To ensure that all members of the team have access to an OT based framework for the understanding and care of clients, through advice and consultation, clinical supervision and the dissemination of knowledge, research and theory.
- Ensure that standards of excellence are maintained, especially in relation to OT programmes for the individuals within the designated services.
- To participate in the evaluation of clinical work and to contribute to the development of best evidence-based practice for OT within OFG.
- To maintain the highest standards of clinical record keeping and report writing, this could be online or written records, specifically determined by the clinical lead.
- To produce OT related risk assessments where required.

Staff

- To support and participate in the recruitment of OTs and other staff across the region as requested by the head of clinical operations, clinical locality lead or clinical lead.
- To offer relevant OT training, observation, explanation and modelling to staff within the services.
- Raising awareness of company policies, values and mission and any procedures and/or standards set by the regulatory body to staff members.
- Promote teamwork and communication, in accordance with company policy.
- Participate in team meetings, supervisions and annual reviews in accordance with company policy and the standards set by the regulatory body
- Work as a team member and identify opportunities for collaborating with colleagues and sharing the development of effective practice with them.
- Undertake agreed delegated management responsibilities on an ongoing basis, in support of the line manager, for example supervisions, annual appraisals, probation reviews, return to work meetings and manage sickness and absenteeism, involvement in disciplinary, capability, grievance and other people management procedures in accordance with company policy.
- To contribute to the clinical training of students as appropriate and provide formal feedback to the relevant training body.

Teaching, Training and Supervision

- To provide specialist advice, consultation and training to all employees, contributing to the development of effective and properly evaluated ongoing staff development and in-service training.
- To provide specialist presentations, training, advice and consultations to other agencies, as appropriate.
- To continue to develop expertise around professional post-graduate training, clinical supervision and attend OT specific activities within the company such as OT forums, briefings and workshops.
- To support with clinical supervision of a therapy assistants and occupational therapists and their workload where appropriate.

**Outcomes
First Group**

Policy and Service Development

- To contribute to company and OT service development, projects, working groups or special interest groups, drawing on the analysis of needs, using evidence-based evaluation of outcomes and following best practice guidelines.
- To participate in and take the lead in multi-disciplinary meetings and generate written reports providing an OT opinion, following evidence-based and good practice.

Practice and Ethical Guidelines

- To maintain an up-to-date knowledge of legislation, national and local policies and issues in relation to the specific client group, which will include mandatory training on the company training platform.
- To behave in a professional and courteous manner to children, parents, and colleagues alike at all times in accordance with the policies of the organisation
- To be accountable for own professional action and recognise own professional boundaries, seeking advice from clinical supervisor/ line manager as appropriate.
- To comply with service standards and practices to ensure that safe practices are always maintained.
- To attend relevant training and development in order to maintain and develop skills and knowledge and maintain up to date HCPC registration.

Administration and IT

- To be competent in the use of basic IT packages, such as Microsoft 365, Zoom.
- To maintain clinical records consistent with the current legislation, company policy and RCOT.
- To undertake the administrative duties appropriate to your role.
- To be aware of the mechanisms of clinical governance, quality assurance and audit of OT services.

Health and Well-Being

- Be aware of the current legal requirements, national policies and guidance on the safeguarding and promotion of the well-being of children, young people and adults.
- Know how to identify potential abuse or neglect and follow safeguarding procedures within your setting/s.
- Know how to identify and support individual's whose progress, development or well-being is affected by changes or difficulties in their personal circumstances, and when to refer them to colleagues for specialist support.
- Be aware of company employee wellness programme and how to access benefits.

Research and Service Evaluation

Outcomes First Group

- Be an active member of the service training programme by attendance at, and participation in in-service training and OT workshops where appropriate.
- Undertake the measurement and evaluation of work and current practices through the use of evidence-based practice projects, audit and outcome measures.
- To represent a professional OT viewpoint in relation to nationally accepted good practice and to ensure a high level of ethical standards and professional conduct.
- To contribute to professional, academic journals and conferences as a means of developing the service, the evidence base and disseminating good practice.
- To undertake or support appropriate agreed research within the service.

Effort and Environment

- To be flexible to the demands of the environment, including unpredictable work patterns, deadlines, and frequent interruptions.
- To agree to a specified job plan, compiled in conjunction with your line manager.
- To maintain sensitivity at all times to the emotional needs of clients and their carers', in particular, when imparting potentially distressing information regarding the nature of clients' difficulties and implications of the same.
- To work within company infection control, risk management and Health & Safety guidelines, exercising safety and reporting all hazards and/or remedying them where appropriate.

General

- Ensure awareness that the service operates to agreed budgets and contribute to keeping within these budgets as instructed.
- Be aware and always operate in accordance with company policies and procedures, with particular reference to Safeguarding, Child Protection, Whistleblowing, Complaints and Representations, Confidentiality, Data Protection and Behaviour Policies.
- Work to promote the service as a valued, professional asset within its community and also to promote a culture that individuals and staff conduct themselves at all times in a manner that reinforces this image.
- Ensure that all actions are in the interests of the individuals that we support and the company. Maintain standards of behaviour in accordance with company policies, procedures and practices.
- To carry out any other reasonable and relevant duties as required by clinical locality lead or head of clinical operations.
- Manage your own Performance and Development, setting targets to be reviewed at annual appraisal.
- Contributing to the overall ethos/work/aims of the company.

The above serves as a guide and is not exhaustive; all professional staff are expected to undertake other duties and projects as may be reasonably required by their line manager / clinical lead/ clinical locality lead / head of clinical

**Outcomes
First Group**

operations or head of service/ regional director. You will be working as part of a friendly team and may be asked to provide extra support during busy periods, working together in a mutually supportive way towards shared priorities.

I have read through the job description and agree to perform the duties, as outlined above
